

THE YORKSHIRE DALES – SOUTH AND WEST

Howgills, Dentdale, Ribblesdale, Airedale, Wharfedale

INFORMATION

Few areas in England are so completely and immediately appealing as that central portion of the Pennines known as the Yorkshire Dales.

Even today, many of the valleys remain relatively isolated from each other and the wider world, which has enabled each to develop a unique character. The ancient arteries of paths, trackways and narrow lanes are an integral part of that charm and invite leisurely roaming on a journey of personal discovery.

This book guides you on an exploration of the dales and surrounding hills and moors. More than 40 walks, ranging from gentle two-mile strolls to more strenuous day-long rambles, seek out the area's most attractive and fascinating features. Everywhere are stunning views and panoramic scenery and intriguing geological formations, characteristic of the Dales.

AREA MAP

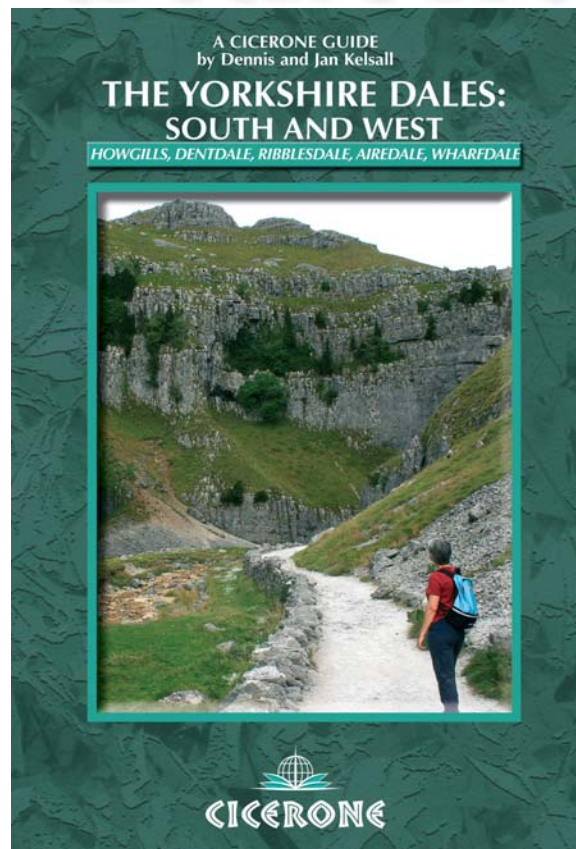

THE AUTHORS

Dennis and Jan Kelsall are professional outdoor writers and photographers, contributing to various magazines and producing a weekly walking feature for the *Lancashire Evening Post*. They have a keen interest in the environment, its geology, flora and wildlife.

Other titles produced by Dennis and Jan Kelsall and published by Cicerone are *The Pembrokeshire Coastal Path*, *Walking in Pembrokeshire*, and *The Ribble Way*.
