NEW EDITION

WALKING IN MADEIRA

INFORMATION

The volcanic islands of Madeira and Porto Santo bask in sunny solitude in the Atlantic Ocean, far removed from the coasts of Europe and Africa. Long popular for relaxing holidays, today they also attract more adventurous travellers keen to discover a great variety of walks.

This guidebook contains a wealth of routes, some as yet little known, stretching from sea level to the highest mountain peaks. The routes explore the awesome cliff coastline, the level 'levada' paths and the dense laurisilva 'cloud forest' and follow stone-built traverses from peak to peak in the high mountains.

The new edition takes account of sweeping changes around the modern Madeira, including the new network of underground road tunnels that offer rapid access to all parts of the island.

- A comprehensive introduction to Madeira and Porto Santo
- Lavishly illustrated with photographs of every walking route and full-colour mapping
- 60 routes, including both old favourites and newly-waymarked walks

AREA MAP

THE AUTHOR

Paddy Dillon is a prolific walker and guidebook writer, with over 40 books to his name, and contributions to 25 other books. He has written extensively for a number of outdoor magazines and other publications and appeared on radio and television. The popular Walking in Madeira was his first full-colour book for Cicerone. Paddy has visited Madeira several times over the years, exploring extensively and enjoying immensely the vast variety of walking routes and landscape types around the islands.
