

Hiking and Biking in the Black Forest

Oct 2017

Page 87

There has been quite a big landslide last year, between Bad Boll and Dietfurt (stage 2), just after Tannegger Waterfall. Due to the fact that the hillside is still unstable it has been decided to re-route the trail to the other side of the river:

After passing Tannegger Waterfall cross the 'Fritz-Hockenjos bridge' and continue to Schattenmühle on the other side of the river.
